

Wedgwood Neighborhood Park Acquisition

PUBLIC MEETING

Seattle Parks and Recreation and the Wedgwood Community Council invite you to learn about a proposed new park in Wedgwood, the former Morningside substation at 8605 35th Avenue NE. This new neighborhood park acquisition will be funded by the City's 2008 Parks and Green Spaces Levy.

The 2008 Parks and Green Spaces Levy allocates funding for the acquisition of properties, such as this, in areas that have been identified in the Seattle Parks Department 2006 Development Plan and Gap Analysis as being deficient in open space.

Learn more about this potential new park acquisition at Wedgwood Community Council's January meeting and provide your comments and suggestions. We encourage you to come and participate.
