

INTERESTED IN FINDING OUT MORE ABOUT STRATEGIES FOR IMPROVING SCHOOL ROAD SAFETY?

The Seattle Department of Transportation (SDOT) invites you to a design workshop where we'll examine how to improve traffic safety near Seattle schools. The workshops will include a presentation and discussion on road design treatments and a "walk about" intended to provide examples of traffic barriers and potential opportunities.

These workshops are part of an effort to improve safety near schools through a combination of street improvements, education, encouragement, enforcement, and evaluation; and builds on work already being done through the City of Seattle's Safe Routes to School program.

CONTACT: Jim Curtin, Seattle Department of Transportation
RSVP: jim.curtin@seattle.gov or (206) 684-8874

SDOT is hosting three School Road Safety Design Workshops in May. PLEASE JOIN US!

Tuesday, May 20 at 6 PM to 7:30 PM

Southwest Branch Seattle Public Library,
9010 35th Ave SW

Tuesday, May 27 at 6 PM to 7:30 PM

Northeast Branch Seattle Public Library,
6801 35th Ave NE

Thursday, May 29 at 6 PM to 7:30 PM

Garfield Community Center, 2323 E Cherry St
